PROFESSIONAL SUMMARY

Motivated and detail-oriented Full Stack & Web Developer (Fresher) with strong hands-on experience in building responsive and user-focused web applications. Proficient in frontend development and comfortable working with backend technologies. Seeking a developer role or internship to apply technical skills, improve system design understanding, and contribute to real-world projects.

PROJECT EXPERIENCE

Clothence – E-Commerce Clothing Website (PHP)

Tech: HTML, CSS, JavaScript, PHP, MySQL

- Designed and developed a complete e-commerce platform for clothing products.
- Implemented category-wise product browsing and responsive UI design.
- Developed secure user authentication, login, registration, forgot password, and email notifications using PHPMailer.
- Managed backend logic for users and products with MySQL database integration.

Clothence – Node.js Version

Tech: Node.js, Express.js, MongoDB

- Built RESTful APIs and backend services using Node.js.
- Implemented authentication flow and database operations with MongoDB.

Other Academic & Practice Projects

- Gym Management System – PHP & MySQL (member and fee management)
- HireNest – Job Portal Website (job listing and application workflow)
- Luxury Hotel Website – Professional frontend UI design
- JavaScript Projects – Stopwatch, Calculator, To-Do List

TECHNICAL SKILLS

Frontend: HTML, CSS, JavaScript, Bootstrap, React.js

Backend: PHP, Node.js, Laravel (Basics)

Database: MySQL, MongoDB

Tools: VS Code, XAMPP, GitHub
